Founder & CEO

When we embarked on this path three years ago, we were driven by a shared vision and an unwavering belief in the power of compassion and collective action. We dreamt of a society where no person ever had to beg for education and bread. With the establishment of this NGO, we took the first step towards turning this dream into a tangible reality. Over the years, we have faced many challenges, but our resolve has never wavered. The smile on the faces of children or the blessings of elders brought by our small efforts is our biggest achievement and proof of the transformative power of our collective efforts. As we embark on another year of service, let us renew our commitment of making a lasting impact on the lives of those in need. Let us be united in the pursuit of a better society, inspired by the belief that even the smallest of our action can make a difference. Your unwavering support, whether through financial contributions, volunteering,

or simply spreading awareness, has made all the difference. Together, we have built a foundation of hope, compassion and resilience that will continue to inspire generations to come.

"It is not necessary that your efforts will change the whole world, but if even one person is changing, then believe that your efforts are being made in the right direction."

UDAAN STREET SCHOOL

As the future of our country, students and children should be properly nourished as they are like blossoms in a garden. Education is the key to success that transforms their lives and every kid should be given the chance to get good education. To provide education to the under-privileged who are unable to attend school or get into proper formal education system, HELPING HUT established "**UDAAN STREET SCHOOL**". Through this initiative, we try to extend a hand to provide impoverished pupils basic elementary education combined with extracurricular activities for their physical and mental growth. We conduct various activities like competitions, games, etc. alongside

conducting regular classes to ensure that children do not get bored in the classes and enhance their interactive skills. Under this initiative, we already have 285+ students with us now and we aim to make it 500+ in the coming year. We are continuously trying to make a difference in every children's life by preparing them to be a better person, a better citizen and stand out in this world. As it is said that education is an ornament in prosperity and a refuge in adversity, we thrive to excel with our motive whole-heartedly.

BOX OF GIFT TO BEGGAR

An inspiring initiative called "Box of Income to a Beggar" unfolded, aiming to make a positive impact on the lives of beggars. The primary objective behind this endeavor was to empower these individuals by providing them with goods they could sell instead of resorting to begging. The initiative has proven successful as the beggars embraced the opportunity to change their circumstances. By selling the items they received, they not only earned an income but also gained a sense of dignity and self-sufficiency.

"Box of Income to a Beggar" has touched the lives of these individuals, giving them a chance to break free from the cycle of begging.

BLIND SCHOOL FOOD DRIVE

March 4th, 2023

"Not all of us can do great things, but we can do small things with great love." These profound words by Mother Teresa encapsulate the essence of compassion and the power of making a difference, no matter how small. We believe in the transformative impact of spending time with children and helping those in need. It is in this spirit that *Team Gwalior* joined hands with the *Asimov Robotics Club* to organize a donation drive for the *Drishti Blind School*. The *Drishti Blind School* holds a special place in our hearts, as it provides education and support to visually impaired children. We recognize the purity, innocence, and sweetness that radiate from their smiling faces. Our collective efforts were aimed at bringing joy and assistance to these remarkable children. In collaboration with the *Asimov Robotics Club*, we organized a drive that sought to make a positive impact on the lives of the students at the *Atma Jyoti Avasiya Drishti Heen Kanya Vidyalaya, Morar, Gwalior*. The drive aimed to provide essential resources and support to enhance the learning experience of visually impaired children. It is through collective efforts that we can uplift and empower those who are differently abled, ensuring that they have equal opportunities to thrive and succeed. SPECIAL DAY CELEBRATION

Birthdays

Seconds may pass by, but memories will remain with us forever. Right now, we hold the power to change lives as well as the memories of many children. We don't need to spend a lot of money to bring about this change; donating a small amount with the right intention can do wonders. We came up with a beautiful initiative where we, as an organisation, encouraged people to celebrate their special occasions with the students of Udaan Street School.

We saw a pretty positive response from people who volunteered to celebrate their special days with these underprivileged kids by playing games, sharing treats, cutting cake, and other activities. They enjoyed interacting with the kids as well. These small celebrations not only lit the faces and filled the hearts of these little angels with joy, but also made the people who came to celebrate extremely happy and felt this was a beautiful initiative that must be carried forward.

DIYA COLORING ACTIVITY

October 18th, 2022

Team Dwarka organized diya coloring activity on 18th October 2022 for students of Udaan Street School. We as an organization strongly feel that it is not about only helping them to explore their creative side and encourage skill development, but also they get to bond with other kids. As they are born with less privileges and cannot afford the luxuries, we try to make their life as creative and wholesome as possible.

To know their creative side, we conducted this activity to explore the student imagination, creativity and celebrate the Festival of Lights in its true spirit. All students participated enthusiastically in the activity. These drives are conducted very often and have their own importance in improving the life of unprivileged people . This drive was organized so that children had a quality time - celebrating Diwali and the outcome of the drive brought smile on their faces and volunteers' hardwork paid off. This drive was successfully conducted by the volunteers of the ngo .

MANDALA ART WORKSHOP

January 1st, 2023

Team DDUC conducted Mandala Art Workshop on 1st January, 2023 at Pragati Park. "Mandala simply means "center and surroundings". That is what we see in a mandala - a circle that contains a square. The practice of a mandala is simply to place ourselves in the middle of it and learn to relate with the social structure and atmosphere around us as a sacred environment."

The workshop was a roaring success with children of all age groups joining for a fun filled day. The workshop was followed by some fun games as well. Helping Hut DDUC hopes to continue to be able to organise more such events and keep spreading smiles over miles.

The drive not only had a positive impact on the children's awareness levels but also contributed to the recognition of the ngo within the orphanage. The efforts of the volunteers were instrumental in creating a safe and informed environment, where the children learned valuable life skills while also raising awareness about the ngo's noble cause. Overall, the awareness drive was a resounding success, benefiting the children and promoting the NGO's mission simultaneously.

CHILDREN'S DAY CELEBRATION

November 14th, 2022

On the occasion of Children's Day, to spread happiness amongst underprivileged children in slum areas, we commemorated the day in a distinctive way by distributing 40 sets of *stationary essentials and chocolates* for children in slum areas who can't afford to go to school and brought smile on their faces. The ngo also executed various other activities like *indoor games, talk sessions, and organized special treats* in different centres across Delhi/NCR.

The main purpose of this drive was to spread awareness regarding education to the underprivileged children in the slum areas or footpath. Our NGO volunteers went and conducted small sessions among them and their parents about how education is important and how it can impact their future. Due to unavailability and inaccessibility of resources, underprivileged children are not able to rejoice and cherish their childhood, which passes by quickly! By organizing kids-friendly drive, we aim to let these disadvantaged children have a moment to enjoy their childhood. What might seem to be something regular to us is a luxury for these children!

often face various challenges during their hospital visits. The volunteers recognized the importance of providing a momentary escape from the hardships, and a simple glass of lemonade served as a source of comfort and relief. The lemonade drive exemplifies the organization's dedication to making a positive impact in the community. By providing a momentary respite and showing compassion towards those facing challenging circumstances, our volunteers are spreading kindness and making a difference in the lives of others.

November 6th, 2022

On 6th November 2022, Team New Delhi visited to Manav Seva Old Age Home, Shahdara, New Delhi. Another contribution by the team New Delhi on this day included distribution of gifts to under privilege people with the intention of enabling them to sell these items and earn a livelihood for themselves. Total 10 volunteers were part of this and a sense of dignity and self worth was promoted among under privileged people.
